Pull up a chair . . .

People choose to be part of our community for all kinds of reasons. Some because they love the products and the satisfaction of making something from start to finish . . . others come for the connection and friendships that grow when people gather around a table to create.

What began as a small business in my childhood living room has grown into a community shaped by creativity and the many ways we show up for one another. This community is built by people who value space for creativity and conversation . . . a place to share ideas, learn, and craft together.

What I love most is how each person adds something unique to the whole—your lived experiences, your curiosity, your passion, and the way you see the world. You help shape the community we're still becoming.

However you found your way to us, there's a place for you at the table . . . pull up a chair. We're glad you're here!

Shelli's FAVES

I show love and gratitude to my family and friends with handmade cards, small treats, and thoughtful gifts. I love to tailor the packaging to make each one special, so I'm thrilled to add personal touches to the **Scalloped Window Boxes** and **Advent Treat Boxes** (p. 75). Since I'm creating all year long, the versatility of the **Elegant Leaves Bundle** (p. 39) immediately caught my eye. I love that the leaves and sentiments can suit any style or season. And I **have** to mention the **Stampin' Hot Foil System & Craft Class** (p. 61)! Embossing was my first crafting love, and this feels like a step above that. I can't wait to craft with it!

I hope you'll add a little handmade touch to your gifting this season . . . and maybe find a new crafting love too!

The image displays a collection of black ink stamps and dies. The stamps include various sizes of scalloped circles, a scalloped heart, and several rectangular frames. The dies are shaped like the stamps, allowing for the creation of scalloped-edged paper elements. The stamps are arranged in a grid-like fashion, with some overlapping. The dies are shown as solid black shapes, some with small circles indicating punch holes.

What Can Your Demonstrator Do for You?

What exactly does a demonstrator do?

I share fun ways to craft, help you pick the right supplies, and we make things together. No pressure—just creativity.

So, what makes shopping with you different?

I get to know your style, share ideas, answer questions, and make sure the experience is creative and fun.

What's the best thing about being a demonstrator?

I love to craft on my own time, connect with friends, and get the opportunity to earn a modest supplemental income.

This makes crafting so much more personal.

Do you need experience to start?

Not at all!
If you enjoy creating, you already have what it takes.

It really does—**community, creativity, and perks.**

Want to share your creativity and earn along the way?
Ask your demonstrator or go online to join as a demonstrator.
